

## Rainbow Heart Art

**Step 1: Create a love heart template draw this free hand if you don't have anything to draw around.**

**Step 2: Using your template to draw around create lots of different colour hearts in order of the colours of the rainbow red, orange, yellow, green, blue. Start with a larger number of red hearts as your outside colour and then reduce the number as you move down your colours.**

**Step 3: Start to layer your hearts on a piece of paper or card to create your rainbow shape and build these up to form your rainbow. When you are happy with the shape glue them to your card / paper.**

**Step 4: Once you have created your rainbow write a message to go with it. If you have spare hearts left over you can create some more heart art work to match your rainbow.**

**Step 5: Now display your heart rainbow art wherever you want to. Our YMCA Barnsley staff team have been putting theirs in their windows!**

**Have Fun!!!! ☺**

#### **Resources needed for Rainbow Heart Art**

- **Card or paper – different colours (any colour you want to use doesn't have to follow the colours of the rainbow be as creative as possible!)**
- **Scissors**
- **Glue**
- **Coloured pencils / pens**
